

Demon Hunter is a hard hitting, fast paced, romantic thrill ride. The story follows a young African American man, named Elijah Garland, who has come to the decision that his life was never meant to be. Convinced that love and happiness will never find him, he gives up, but finds out that his life has only just begun, and that there was a reason for all of the tragic events in his life. Elijah learns that there is a deity directly responsible for all of his misery, and as the overwhelming truth is slowly fed to him, Elijah realizes just how small a player he is in this game -- a game being played by Angels. Elijah has been chosen to represent a god that he has never placed faith in to do a job that the Angels are too busy to do at the moment: destroy demons.
