

Between the Shelves: A Tribute to Libraries by Edmonton Writers

In these 11 short pieces, Edmonton authors take us on a tributary journey into the past, present and future to explore the richness hiding between the shelves. Each piece has a different take on what libraries have to offer: a source of wisdom, a place for community, and so much more. So find a quiet corner, slip between the pages and embark on a journey that will change the way you look at libraries. As a further tribute, all proceeds from the sales of this book will be donated to support the Edmonton Public Library, which won the Library Journals Library of the Year award in 2014.
