

Fake Disability: How Our Veterans Abuse the VA System

Sad as it may sound, but yes most of our veterans today are claiming some kind of fake disability. Why are they doing this? Simply because they know they could easily get away with it. They can receive a pension for life ranging from \$129 to \$3,225 per month. The Veterans Affairs (VA) system is old and very flawed. It is not designed to detect most of these fake disabilities. I'll show you exactly how our veterans are able to get away with this dishonorable act. My hope in this book is it will serve as a wake-up call for VA to finally upgrade their whole processing system on disability. This will eliminate the temptation for our beloved veterans to commit fraud. This book is also for those who truly have a legitimate claim and how to get the benefits. I will guide you from start to finish on how to file your claim. If you were in the military or a member of your family, served or are currently serving from one year or twenty years on active duty, reserve, or guard, It doesn't matter whether you got out of the service fifty years ago or just getting out today, it doesn't matter whether you finished your enlistment contract or not, then this book is for you. If you have a legitimate claim then this book will help you get what you truly deserve.
