

# Mr Bridge

Evan S. Connell achieved fame with his remarkable biography of General Armstrong Custer, SON OF MORNING STAR. But he was an accomplished artist long before that. His literary reputation rests in large measure on his two Bridge books. MR. BRIDGE is the companion volume to Connells MRS. BRIDGE. It is made up of fragments of experience from the life of a middle-aged suburban couple between two wars. Brief episodes are juxtaposed to reveal the stereotyped values and emotional and spiritual aridity of the prosperous and ever-so-proper Bridges. Connells art is one of restraint and perfect mimicry. His chapters are admirably short, his style is brevity itself...rarely has a satirist damned his subject with such good humor. (The New York Times)
