

Double Identity

German Colonel Wilhelm Lessing of the German Abwehr, the German Military Intelligence Organization, is interrogating captured British soldiers during the World War Two German Army Blitzkrieg in Belgium and France in June, 1940, when the voice of a captured young British Lieutenant strikes a hidden episode in the deepest recesses of his mind. The result in the following 34 days is a series of dangerous events, including the possibility of a German Invasion of Britain. Additional events involve the Colonel, Admiral Canaris, Head of the Abwehr, Winston Churchill, Prime Minister of England, the second in command of the German SS, Obergruppenfuhrer Heydrich, and other Germans and Englishmen. Entwined with this series of events is the personal problem of saving the young lieutenants life. The action moves from World War Ones battle-scarred terrain of France, to Cherbourg, France twenty-two years later, then on to Brussels, Belgium, London, and Hamburg and Berlin in Germany, ending finally in the Schwarzwald, the Black Forest area of southern Germany.
