

Impossible Bliss

Dan Shepard, the new police chief of Carmel, California is faced with the impossible when a golfer vanishes into thin air from a sand trap. To his increasing exasperation he soon finds himself teamed with Herman de Portola Bliss, an irascible artist with no talent for painting, but an unerring eye for clues, and an even greater talent for getting into trouble. As the case grows ever more bizarre and deadly, the mismatched pair find themselves confronted with more than one corpse, a shady land deal, self-serving politicians, environmental protesters, a major golf tournament, the mob, multiple burglars, car chases, a particularly unique form of infidelity, and significant seagull droppings. To solve the impossible crime Shepard will first have to survive the man known as Impossible Bliss.
