

Stephen Gately brought joy to many millions of fans throughout the world. In the months before his tragic death, he wrote this, his first novel, *The Tree of Seasons*. When Josh, Michael and Beth Lotts catch sight of some mysterious lights one summer's evening, they are drawn into a dense forest near their home where no one dares ever go. What they find there is incredible. *The Tree of Seasons* is a doorway into another world. There are four kingdoms in this world, each forever stuck in spring, summer, autumn and winter and each with its own ruler. The tree and the world it conceals have existed for hundreds of years and have never been uncovered by anyone, until now. The Lotts find that peace has been shattered in this magical world. One ruler, who bears a remarkable resemblance to their aunt is intent on power at all costs. She causes destruction and suffering that threaten to tear worlds apart. Josh, Michael and Beth have arrived just in time to take part in the battle that the other three kingdoms have to fight in order to survive. *The Tree of Seasons* is a beautiful story of good and evil and a vividly imagined portrait of a world beyond our own.
