

Booted out of law school, young Okie Dunn returns home to the warm prairie town of Vernon with high hopes for the future. He finds, though, that the friendly world he left behind is falling apart--and not just because of the Great Depression. When his childhood friend, Sheriff Dub Ready, is killed, Okie takes over the job, swearing to bring the killer to justice. But just who wanted Dub dead and why? And was his murder linked to the mysterious, brutal deaths of his parents two years before? Despite his best intentions, Okie discovers that upholding the law and finding the truth can be difficult, dangerous business, one that will pit him against lifelong friends, business associates, a cold-blooded killer...and even his own heart.
